

Charles E. Ertter — Army enlistment data

Electronic record extract — original raw record and decoded enlistment date.

Identity

Army serial number: 35048926

Name in the file: ERTTER CHARLES E

Place fields in the saved AAD index result

Place of enlistment: CLEVELAND OHIO

Residence: CUYAHOGA, OHIO

These fields are reproduced from the previously saved AAD result for the same service number. The full AAD webpage could not be reopened during this review.

Date recorded

February 17, 1943. The six characters in positions 42–47 are 170243, in day/month/year order. NARA documentation identifies those positions as the enlistment date.

Original raw record

35048926ERTTER CHARLES E 530355323170243PVT 8BI 00 5 03224146886701637 08873.309

Record discrepancy

The Veterans Administration index gives January 17, 1943. These are two recorded dates, not proof of two separate enlistments. The original induction or separation paperwork would be needed to explain the difference.

Source and provenance

Source: National Archives, Electronic Army Serial Number Merged File, ASNEF.FIN.DAT; case-held raw row 5812490, ASN35048926. NARA AAD record reference: dt893, rid5415435. File documentation: https://catalog.archives.gov/medialz/electronic-records/rg-064/asnf/100.1ND_NC.pdf, reference pages61/65. Selected identity/date fields decoded; raw data reproduced without alteration. Prepared September 17, 2026; this is an editorial layout, not a scanned enlistment form.
