How this record is used

This is a formatted extract of the Veterans Administration Beneficiary Identification Records Locator Subsystem (BIRLS). The dates reproduce the electronic fields. His signed draft card gives February 5, 1924, and the Army enlistment data gives February 17, 1943; those differences remain unresolved. This index does not establish discharge rank, separation center, campaigns or individual awards.

Source and provenance

Source: BIRLS dataset, birls_full_2022.csv; case-held database record 4821017, read directly during final review. Selected fields reproduced from the electronic row; unrelated and unused fields omitted. Prepared September 17, 2026. This layout is an editorial presentation, not a scanned government form.
